

BEDFORD BOROUGH COUNCIL
PAY POLICY STATEMENT 2017 / 2018

1. Background

- 1.1 In recognition of the Borough's Unitary Status from 1 April 2009, the Council addressed its pay policy and grading structure at that time and worked with its recognised trade unions to enter into a collective agreement to harmonise pay and terms and conditions of employment for its amalgamated workforce. This agreement was reached in February 2011.
- 1.2 All posts within the Council are subject to job evaluation to determine the level of pay and grading.
- 1.3 In the context of managing scarce public resources, remuneration at all levels needs to be adequate to secure and retain high-quality employees dedicated to the service of the public, but at the same time needs to avoid being unnecessarily generous.
- 1.4 With that in mind, the Council has agreed to use the National Joint Council (NJC) for Local Government Services nationally negotiated pay rates for all but its management grades. The management grading structure and pay rates are locally agreed and to ensure these are set at the appropriate level an independent review has been undertaken. The Council to date have commissioned the Hay Group for this purpose and the recommendation that these pay rates be based at the 'median' within the Public/Not for Profit Sector for the South East of England was approved by the Council's General Purposes Committee.

The General Purposes Committee, at its meeting on 7 March 2017, requested a report on the appropriateness of the pay comparator groups and this will be considered during the 2017/18 financial year so as to inform the 2018/19 policy statement.
- 1.5 The exercise was supported by an Equality Analysis and Equal Pay Audit in order to eradicate any potential inequality and unfairness in relation to pay. Further analysis will be undertaken in advance of any future changes.
- 1.6 The Council has agreed that with effect from 1 April 2014, employees will receive a rate of pay at the Living Wage where the substantive grade for the post currently falls below that level. This will be paid as a Living Wage Supplement and will be calculated as

the difference between the current salary and the current living wage. The Council will review the implementation of the annual uplift payment as provided by the Living Wage Foundation in November each year.

- 1.7 The Council has also taken account of the National Living Wage which came into effect on 1st April 2016.
- 1.8 The Council has embarked upon its 2020 Business Transformation Programme to address the future challenges of reduced funding for Local Government, increased demand for many of its services and the need to continue to improve the experiences of its residents. The Programme will look at streamlining services and will include a move to a digital operating model. Staffing structures across the Council will be redesigned which will include a review of senior management pay during 2017.
- 1.8 This document sets out Bedford Borough Council's Pay Policy for 2017/2018 and governs aspects of pay and in particular the remuneration of its senior employees (chief officers) and its lowest paid employees. It does not apply to school based employees.

2. Strategic Aims

The Council's Pay Policy has three strategic aims:

- To recruit and retain high quality employees with the skills necessary to deliver the Council's values, aims and objectives.
- To ensure that senior remuneration packages are tightly constrained in the current financial climate, that remuneration packages remain affordable and sustainable and that value for money is secured.
- To continue to work towards making sure that pay is fair and non-discriminatory.

3. Definition of a 'Senior Employee' for the purpose of the statement

- the head of the authority's paid service designated under section 4(1) of the Local Government and Housing Act 1989;
- monitoring officer (the officer responsible for legal matters) designated under section 5(1) of that Act;
- statutory chief officer under section 2(6) of that Act;
- a non-statutory chief officer under section 2(7) of that Act;
- deputy chief officer mentioned in section 2(8) of that Act.
- Heads of Service who report directly to the chief Executive or a Chief Officer

4. Definition of ‘Lowest-Paid Employees for the purposes of the statement

- Employees who fall within the lowest pay grade in use by the Council.

The Council has in place a harmonised pay and grading structure that is applicable to all posts within the authority. Terms and conditions of employment have also been harmonised across the Council and therefore by using the lowest pay grade within the Council, any comparisons made and relationships to this can be easily identified and understood.

5. Remuneration for Senior Employees falling within the definition at Section 3.

8. The remuneration of Senior Employees on recruitment

- 9.2 Any additions to remuneration will be in accordance with the Council's locally agreed policies, for example
 - i) Honarium and Acting Up Payments
An honorarium payment may be considered where an employee undertakes significant additional duties outside the scope of the job description for an extended period of time or an acting up payment may be considered where an employee undertakes the work of a higher graded post.
 - ii) Market Rate Supplements (MRS).
Used in response to problems experienced in recruiting and retaining certain roles, and attempt to bridge the gap between salary levels and market rate pay. In order to establish whether a MRS is required, an independent survey will be undertaken to gather the market data which will then determine whether a MRS is needed and if so, the level of the payment.

iii) Accelerated Increments.

Progression within the grade beyond the standard incremental review process can be considered for recruitment and retention purposes in exceptional circumstances and in accordance with strict criteria. By doing this, it could avoid the need to consider or apply a MRS and the costs that can be associated with this. In addition it could avoid unnecessary recruitment spend.

Performance Related Pay will not be used for Senior Employees

11. The Council's policies for the financial year relating to the other terms and conditions applying to Senior Employees.

For the employee, it provides the opportunity to phase into retirement.

12. The Council's approach to final payments to Senior Employees when they leave the authority

In accordance with the Council's redundancy/early retirement severance policy, in exceptional circumstances consideration may be given to cases of early retirement in the efficient interest of the service. 14. Re-employment of Senior Employees in receipt of a pension from the Local Government Pension Scheme
